Building: A Story

Originally known as the Library of Congress (or Main) Building, our oldest structure was renamed in 1980 for the man now considered our principal founder. The Thomas Jefferson Building first opened in 1897 and cost almost \$6.5 million. Architects John L. Smithmeyer and Paul J. Pelz designed the building as a showplace for art and culture for a still young republic.

Banned Books

Historically, banned or "challenged" books included almost any printed work that was prohibited by law or censored usually for political, legal, moral, or religious reasons. Some books that have gotten great attention for being banned ironically became popular. Our America Reads exhibition contains many such titles.

Beyond Statesman

Thomas Jefferson is known to have been a man with diverse interests. Wanting to know about more than his statesmanship, scholars often visit the Library to learn more about Jefferson's era and the man himself. Common areas of research include his thoughts on slavery, philosophy and religion (he owned a 1764 Koran) and the Federalist Papers. Occasionally, scholars even explore his music annotations (he played violin and cello).
